

## **3<sup>rd</sup> BRIEFING ON NEW EXPORT REGULATIONS FOR EGYPT**

### **A User Guide to CargoX for UK Exporters**

Tuesday 13 July 2021, 10:00 AM – 11:15 AM UK time

The Egyptian-British Chamber of Commerce has the pleasure to invite you to our third online session in a series aimed at briefing you on the new customs pre-registration system for export to Egypt 'Nafeza' which will be implemented from 1 October 2021.

During our previous briefings, we had look at the new ACI pre-shipment registration procedures issued by the Egyptian Government. Nafeza is Egypt's single window platform aimed at fulfilling all regulatory requirements related to the release of goods at Egyptian Customs.

**During this session, we take a closer look at Nafeza's service provider CargoX.** The digital platform runs on blockchain technology and is a secure, fast, and cost-effective method of submitting your shipping documentation to Egypt. The session will provide information on how to register as a UK exporter, what documents to submit and how to submit these securely via CargoX.

We advise all UK exporters planning to attend this event to register on the [CargoX platform](#) ahead of this meeting, if you have not done so already.
